Mayor Dana Williams
Park City Municipal Corporation
P.O. Box 1480
Park City, UT 84060-1480

Dear Mayor Williams,

I am writing in response to your two recent letters regarding access to Richardson Flats for disposal of an additional 35,000 cubic yards of waste material. In response to your previous requests James Martin, EPA Region 8 Administrator, wrote in a June 14, 2010 letter that Park City may dispose of another 35,000 cubic yards "once Park City has submitted, and EPA approved, a workplan to site and develop an additional repository." We appreciate your efforts to assess the Pace property as a potential site for an additional repository. However, until we have met the criteria established in the Regional Administrator's letter, we are unable to provide additional storage capacity.

I look forward to meeting with you on August 19 to discuss the framework for establishing a new repository. If you have any questions, please feel free to contact me at 303-312-6340 or by email at campbell.carol@epa.gov.

Sincerely,

Carol L. Campbell

Carol L. Campbell
Assistant Regional Administrator
Office of Ecosystems Protection
and Remediation
